***Chapter 1*: Kiss across the Ocean**

MK: A retarded sappy crappy poem/fic i came uppy with...Isaac thinking about Mia, basically. Flames welcom

It's been months since I've seen you last
I've been dying for you to come back
I remember the last time I held you tight
Then you broke away, told me goodnight
And you just left me standing there...
Off you went, to I don't know where
but
My soul cries out loud and strong
Please come back to where you belong

My thoughts go to you, wherever you are
No matter how close, no matter how far
I'd send a kiss across the ocean,
I'd send my love by shooting star,
But just know I'm always thinking of you
You'll always be in my heart.

So much time since our last embrace
Memories of us I just can't bring myself to erase
So many sleepless nights of tears
I worry you about you all the time, for you I fear
No matter what I will never forget
The fateful day that you and I met
Staring up at the sky, I'm imagining you
And I wonder, are you thinking of me too?

My thoughts go to you, wherever you are
No matter how close, no matter how far
I'd send a kiss across the ocean,
I'd send my love by shooting star,

But just know I'm always thinking of you
You'll always be in my heart.

I'd send a kiss across the ocean,
I'd send my love by shooting star
But just know I'm always thinking of you
You'll always,
always,
be in
my
heart.

MK: Well, that was bad. More like a song than a poem, but
hey! Review, flames accepted.
